Fresh Food For All
Veteran Support

KIT ASSEMBLY PROJECTS

Kit Assembly projects vary by size, type and price—fulfilling needs in at least one of our three areas of focus: education, financial stability and health. Projects can be completed in your office, during a meeting or as a half-day event. Trident United Way handles the logistics and leads the activity for you!

HYGIENE KITS

Personal-sized hygiene items packaged into plastic bags for individuals experiencing poverty and homelessness.

SCHOOL SUPPLY KITS

Provide essential supplies to students in need and help them start the semester off right!

WELCOME HOME KITS

These kits are essential for those families transitioning from the street or shelter into a new home.

SNACK PACK KITS

Provide a yummy snack to kids in need, for after school or summer programming.

STEM KITS

Includes items for 3 STEM focused activities—for low income students through after school or summer programs.

BABY CARE KITS

Baby care items for new moms residing in shelters or transitioning to stable housing.

BECAUSE CHANGE DOESN'T HAPPEN ALONE.

Contact volunteer@tuw.org to learn more about Trident United Way's On-Site Opportunities.
