

ENDOWMENT CAMPAIGN HONORING CHRISTOPHER KERRIGAN

The first 20 years were only the beginning.

When Chris Kerrigan joined Trident United Way in 1998, the organization did not have an endowment. Today, the value of the endowment established during his tenure stands at \$5.1 million and is used to support staff development and community programming. We invite you to join us in this very special project - to build upon TUW's endowment and carry on the mission of Trident United Way in Chris' honor. Please consider a special, one-time gift in addition to your annual campaign gift to honor one of this community's most important leaders. Chris has dedicated his life to United Way and the most underserved in our country. Will you help us honor his twenty years at Trident United Way by making a gift before March 1, 2019?

Prefix First Name Last Name

Home Address City State ZIP
