WOMEN UNITED

Women United® empowers women to drive positive change through philanthropy, advocacy and volunteerism, advancing financial stability across the Trident Region. We are a diverse, vibrant community, bound together by a powerful sense of belonging – to each other, to the organization's mission and to the communities we call home. Our powerful, global network of women leaders, over 55,000 strong, lives united against the most critical issues facing more than 165 communities in six countries.

PULSE

To better reflect the diversity of our Tri-County community and current impact efforts, the African American Leadership Council (AALC) is evolving into PULSE.

PULSE is an inclusive and dynamic network of changemakers—Black, Brown, Asian, Latinx and individuals and allies from all backgrounds—coming together to create lasting impact. We believe that diverse voices and perspectives are essential in driving meaningful change, and this transformation reinforces our commitment to our community.

YOUNG LEADERS UNITED

Young Leaders United is a network of leaders ages 40 and under who are committed to improving the Tri-County community through giving, volunteerism and advocacy. We are a diverse and influential group of young professional leaders in the Tri-County who support the mission of Trident United Way, foster a spirit of philanthropy and volunteerism and help members take their career development to the next level.

When you give to **Trident United Way**, you become part of a large, interconnected network of donors, partners and volunteers. All of us bring our unique perspective, experience and enthusiasm to the cause – and that energy is the wellspring of innovative solutions we need to create positive change on a large scale.

We invite everyone to be part of our work to build a stronger Tri-County region where everyone has access to the opportunities to achieve their full potential.
