

TRIDENT UNITED WAY DAYS OF CARING

Welcome Community Partners!

Thank you for joining us in celebrating Trident United Way's 26th Annual Days of Caring!

Days of Caring is the largest community initiative in the area that brings together hundreds of nonprofit agencies and schools with thousands of volunteers for three days to help support our community. We strive to match the nonprofits with volunteer teams that help advance their mission and build capacity all while strengthening partnerships and fostering community volunteerism.

Please use this opportunity to post any and all projects you need volunteers for! We cannot guarantee all projects will be completed but there are so many people seeking opportunities it is worth putting everything out there!

Here are a few additional thoughts to get the ideas flowing...

1. **Projects which address Youth Opportunities, Healthy Communities, Financial Stability, Community Resiliency:** mentor for a day, reading to students, teaching students about financial stability, hosting a career day and more.
2. **Maintenance/beautification:** mulching, weeding, creating new flower beds, planting grass seed, pruning bushes/trees, planting flowers, raking leaves, mowing grass, river/stream clean up, trail building/clearing, any type of clean-up projects
3. **Painting:** inside/outside, decks, porches, murals, blacktop maps & games, props
4. **Construction:** build/install shelving, build porches, build wheelchair ramps, repair fences, remove old carpet
5. **Administrative:** bulk mailings, shredding files, copying, website assistance, general office help, assembling first-aid kits **(please no fundraising activities)**

6. **Caring & Kindness:** holidays letters to veterans, food drives, reading to students, assisting the elderly
7. **Virtual:** training sessions, resume and interview assistance.
